

BOLTING EQUIPMENT – TORQUE MULTIPLIERS

Air Powered Torque Multipliers

Air Powered Torque Multipliers are a quick and easy tool to use, these multipliers produce an amazing amount of torque from a normal workshop air supply.

Code	Torque Newton Metres (Nm)	Torque Foot Pounds (ft lb)	Square Drive Size	Required Air Supply	Weight (kg)	1 Day Rate (\$)*	After 4 Days (\$)*	After 8 Days (\$)*
CLD280	800 - 2,800	590 - 2,065	1"	9.0 Bar	10.0	185.00	148.00	111.00
CLS2/300	385 - 3,595	284 - 2,652	1"	9.0 Bar	9.0	260.00	208.00	156.00

Code	Description	Suits	Weight (kg)	1 Day Rate (\$)*	After 4 Days (\$)*	After 8 Days (\$)*
AR	Air Regulator Unit	CLD2/300	1.5	15.00	12.00	9.00

Electrically Powered Torque Multipliers

Electrically Powered Torque Multipliers are a quick and easy tool to use, these multipliers produce an amazing amount of torque from a standard single phase power source. Torque and turn features available on some models.

Code	Torque Newton Metres (Nm)	Torque Foot Pounds (ft lb)	Square Drive Size	Power Supply	Weight (kg)	1 Day Rate (\$)*	After 4 Days (\$)*	After 8 Days (\$)*
PG2/80	236 - 1100	174 - 811	1"	230 Volts	6.5	265.00	212.00	159.00
PG2/280	597 - 2816	440 - 2077	1"	230 Volts	8.0	285.00	228.00	171.00
EFC300	510 - 2915	376 - 2150	1"	110-230V	12.4	285.00	228.00	171.00
PG2/600	1096 - 6080	808 - 4484	1 1/2"	230 Volts	12.0	310.00	248.00	186.00

BOLTING EQUIPMENT – IMPACT WRENCHES

Electric Powered Impact Wrenches

Electrically Powered Impact Wrenches are a quick and efficient tool for removing or tightening bolts.

Code	Torque Newton Metres (Nm)	Torque Foot Pounds (ft lb)	Square Drive Size	Power Supply	Weight (kg)	1 Day Rate (\$)*	After 4 Days (\$)*	After 8 Days (\$)*
ERG	1050	770	1"	230 Volts	5.0	50.00	40.00	30.00

Air Powered Impact Wrenches

Air Powered Impact Wrenches are a quick and efficient tool for removing and tightening bolts. Runs off a normal workshop air supply.

Code	Torque Newton Metres (Nm)	Torque Foot Pounds (ft lb)	Square Drive Size	Required Air Supply	Weight (kg)	1 Day Rate (\$)*	After 4 Days (\$)*	After 8 Days (\$)*
ARG1/2	1016	750	1/2"	90 PSI	2.0	15.00	12.00	9.00
ARG3/4	1355	1000	3/4"	90 PSI	3.0	40.00	32.00	24.00
ARG1	1626	1200	1"	90 PSI	3.0	50.00	40.00	30.00

Hydraulic Powered Impact Wrenches/Drill

Hydraulically Powered Impact Wrenches are a quick and efficient tool for removing or tightening bolts. Can also be used as a drill, supplied with a 7/16" quick chuck for large wood drills, ideal for power poles.

Code	Torque Newton Metres (Nm)	Torque Foot Pounds (ft lb)	Square Drive Size	Required Pressure (PSI)	Required Oil Flow (LPM)	Weight (kg)	1 Day Rate (\$)*	After 4 Days (\$)*	After 8 Days (\$)*
48755*	540	398	1/2"	1000 - 2500	19-30	3.6	50.00	40.00	30.00

* Pump extra see page 25 for pump options.

To ensure correct operation and to maintain safety standards, HTC tools must be powered by HTC pumps. See pages 9 & 10 for pumps.
