

C - CONNECTOR COMPRESSION DIES

Compression Dies - For Copper C-crimp connections.

Code	Tons	Common Cable Size (mm ²)	Cable Type	1 Day Rate (\$)*	After 4 Days (\$)*	After 8 Days (\$)*
T-044	12	27 - 44	Copper	11.00	8.80	6.60
T-122	12	99 - 122	Copper	11.00	8.80	6.60
T-154	12	123 - 154	Copper	11.00	8.80	6.60
T-190	12	155 - 190	Copper	11.00	8.80	6.60
T-240	12	191 - 240	Copper	11.00	8.80	6.60
T-288	12	241 - 288	Copper	11.00	8.80	6.60
T-365	12	289 - 365	Copper	11.00	8.80	6.60

HYDRAULIC CABLE CUTTERS

Hydraulic Cable Cutters are a quick and easy alternative to manual cutting through electrical cable and ACSR cable. Cable Cutters available range from Ratchet (manual) style, self contained hand pump style, remote head style (powered by either hand, air, or electric pumps), as well as the RECS540 self contained battery operated cable cutter.

Code	Tons	Cable Capacity (O.D. mm)	Pump Type	Weight (kg)	1 Day Rate (\$)*	After 4 Days (\$)*	After 8 Days (\$)*
RCC42	-	380 mm ² Cu / Alu	Ratchet (manual)	1.1	20.00	16.00	12.00
CC75	5	75 (non-ferrous)	Hand	5.1	65.00	52.00	39.00
CC75	5	75 (non-ferrous)	Air	5.1	80.00	64.00	48.00
CC75	5	75 (non-ferrous)	Electric	5.1	95.00	76.00	57.00
P100A	7.5	100 (non-ferrous)	Electric	13.2	125.00	100.00	75.00
S320	19.5	32 ACSR / Cu / Alu	Hand	12.0	45.00	36.00	27.00
SPA55	12	50 ACSR / Cu / Alu	Hand	7.9	65.00	52.00	39.00
SPA55	12	50 ACSR / Cu / Alu	Air	7.9	80.00	64.00	48.00
SPA55	12	50 ACSR / Cu / Alu	Electric	7.9	95.00	76.00	57.00
S-550	12.4	54 ACSR / Cu / Alu	Hand	10.0	55.00	44.00	33.00

Self Contained Battery Operated Robo - Tool Cable Cutter

Self Contained Battery Operated Robo-Tools are fast and efficient tools for cutting electrical cable. No pumps, power or hoses required.

Code	Tons	Cable Capacity (mm)	Pump Type	Weight (kg)	1 Day Rate (\$)*	After 4 Days (\$)*	After 8 Days (\$)*
RECS540*	7	38 ACSR / 40 Cu & Alu	Self Contained Battery	7.0	85.00	68.00	51.00

* RECS540 supplied with: Tool, charger, and one battery.

Accessories for Robo - Tools

Code	Description	Weight (kg)	1 Day Rate (\$)*	After 4 Days (\$)*	After 8 Days (\$)*
BP70MH	Battery (3.0AH)	0.6	8.00	6.40	4.80
CH35MC	Charger (230V)	1.0	15.00	12.00	9.00

Insulation Stripper

Insulator Strippers are a quick and easy way to remove unwanted insulation on electrical cable. Simply select insulation depth, insert cable, and twist insulation away. Suits most cable.

Code	Cable Capacity (mm)	Insulation depth (mm)	Weight (kg)	1 Day Rate (\$)*	After 4 Days (\$)*	After 8 Days (\$)
NP400	10 - 32	1.5 - 3	0.7	20.00	16.00	12.00
