

TUBE BENDING MACHINES

Manual Tube Benders

Manual Tube benders are a quick and easy way to accurately bend a wide range of different tubing. These machines offer good clean bends with minimal tube deformation.

Code	Tube Type	Max. Ø (mm)	Max. Wall Thickness	Min. Bending Radius	Weight (kg)	1 Day Rate (\$)*	After 4 Days (\$)*	After 8 Days (\$)*
UNI42*	Steel	42	3 mm	3 x Ø	18	75.00	60.00	45.00
	S/Steel	35	2 mm					
	Steel Conduit	38	1.5 mm					
	Gas	1 1/4"	standard					

* Formers, rollers, guides are an extra \$25.00* a set per day.

Electric Tube Benders

Electric Tube benders are a quick and easy way to accurately bend a wide range of different tubing. These machines offer good clean bends with minimal tube deformation and are able to be preset for long runs. Machine automatically bends, stops and returns to start.

Code	Tube Type	Max. Ø (mm)	Max. Wall Thickness	Min. Bending Radius	Weight (kg)	1 Day Rate (\$)*	After 4 Days (\$)*	After 8 Days (\$)*
UNI60*	Steel	54	3	3 x Ø	60	130.00	104.00	78.00
	S/Steel	42	3					
	Steel Conduit	54	2					
	Gas	1 1/2"	standard					

* Formers, rollers, guides are an extra \$30.00* a set per day.

Various sized formers, rollers and guides available.

HYDRAULIC PIPE BENDING MACHINES

Hydraulic Pipe Bender sets are a quick and easy way to bend steel pipe. Supplied with a 6 piece bending shoe set, these sets are capable of bending a wide range of steel pipe diameters.

Code	Tube Type	Pump Type	Pipe Capacity	Weight (kg)	1 Day Rate (\$)*	After 4 Days (\$)*	After 8 Days (\$)*
RGS10-A*	Round Pipe	Air	1/2" - 2" Nominal Bore	17	75.00	60.00	45.00
RGS10-E*	Round Pipe	Electric	1/2" - 2" Nominal Bore	17	95.00	76.00	57.00
RGS10-H*	Round Pipe	Hand	1/2" - 2" Nominal Bore	17	55.00	44.00	33.00

* Optional 2 1/2" & 3" sweep bending shoes available for an extra \$10.00* per day.

Pipe Threading Machines also available.
